

Licensure Determination Disclosure

Associate Degree Programs

In compliance with **34 CFR 668.43** Stautzenberger College has made a reasonable effort to determine graduate eligibility for licensure in all states/territories for programs designed and advertised as leading to licensure. The chart below lists Stautzenberger College programs and states/territories where the curriculum meets licensure requirements, states/territories where the curriculum does not meet licensure requirements, and states/territories in which the College has been unable to determine if the curriculum meets state licensure requirements. All consumers should be advised that due to the frequent changes to statutes, rules, and regulations the College cannot guarantee licensure based on the lists below.

Program	Meets Licensure Requirements (or State does not have licensure requirements)	Does Not Meet Licensure Requirements	Undetermined	Notes
