Graduation Rates

Madison and Rockford Locations

Madison Media Institute and Rockford Career College report graduation rates annually as part of the Student Right-to-Know and Campus Security. The data reported here are for the cohort period of students enrolled as of October 15, 2014.

This data represents the progress of students who began their studies as full-time degree or certificate seeking students to see if they complete a degree or other award such as a certificate within 150% of “normal time” for completing the program for which they enrolled. Not all students at this institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.
